History		
The History of Haslemere - Local Area Study	£3.50	£4.00
Holocaust	£3.50	£4.00

We can also tailor workshops to support a theme, just talk to our Education Officer to see how we can help your students maximise their learning

- There is a minimum charge per workshop equivalent to the cost of 15 pupils
- If you wish to stay for a packed lunch we have an indoor space and a lovely lawn if it is sunny
- We recommend students visit our shop which has a wide range of products of educational interest
- Morning workshops: if you wish to stay and visit the galleries after lunch we can provide you with materials for sketching and/or gallery quizzes at no extra charge.

For further information about the workshops or to make bookings please contact Kay Topping at the Museum Tel: 01428 642112 e-mail: education@haslemeremuseum.co.uk

The following workshops have been developed to help maximise student learning by using the Museum's collections and galleries. However, we are very keen to work with schools to develop these and other workshops to use our resources to supplement the work carried out in the classroom. If you think we might be able to help in anyway please contact us.

Geography

The Weald

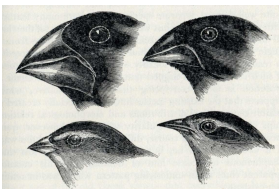

- Visit the galleries to discover the geology of the Weald
- Discuss how the different rocks influence the landscape and the population
- Investigate industries that have grown up because of the Wealden resources
- Investigate museum artefacts related to these industries

Science

Rocks & Minerals

- A practical workshop using the handling collection
- Test for specific gravity and hardness
- Look closely at specimens using microscopes
- Learn about crystal structures

Evolution

- Investigate the fossil record to discover major evolution and extinction events
- Look for similarities and differences in our skeleton and skull collections
- Consider how mutation of genes allows evolution to take place

Living world

- Use our wide collection of natural history to explore how the animal and plant kingdoms are classified
- Consider differences and similarities within and across groups
- How does modern science question this traditional classification?

Environmental Awareness

- Using items from the collections investigate how living things are affected by environmental issues such as climate change
- Investigate loss of habitat and species decline
- Find out the effect the environment can have on items in the collection

Classic Pottery

- Visit the gallery to see our Greek and Roman collections
- Learn a little about pot shape and decoration
- Investigate pieces of pottery from the handling collection
- Design your own pot with reference to the collection

Textiles

- Use items from our extensive textile collection to investigate materials, design and decoration
- Design your own piece with reference to the collection
- Make a piece of felt

Ethnic Design

- Use our peasant art or non-western ethnography collections to investigate ethnic designs
- Design your own item with reference to the collection

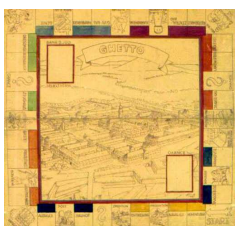

History of Haslemere

- Explore Haslemere's past using maps, photographs and our Galleries
- Investigate the Cubitt & West ledgers of Haslemere houses
- Investigate the infamous Hindhead sailor's murder
- Use our local history database to find out more about Haslemere and its inhabitants

Holocaust

- Learn from our Education Officer's experience of taking part in two Holocaust related projects with the Imperial War Museum
- Use our resources to find out more about the Holocaust
- Consider how the Holocaust is commemorated through looking at and discussing a number of Holocaust related memorials

The Holocaust through Toys

- Suitable for younger pupils
- Learn about the Holocaust by looking at the stories told by the toys of children alive at the time

Developed with the support of the Imperial War Museum Fellowship in Holocaust Education programme of Continuous Professional Development www.iwm.org.uk/holocaust/education
